Report of the Directors

The directors submit their audited annual report and financial statements for the year ended to 30 September 2016.

Incorporation

Melville Douglas Select Fund Limited (the “Company”) is an open-ended investment company incorporated by way of a continuance in Jersey on 31 March 2003 under the provisions of the Companies (Jersey) Law 1991 as Melville Douglas European Fund Limited and regulated by the Jersey Financial Services Commission (JFSC). It was initially incorporated in the British Virgin Islands under the Mutual Funds Act 1996 on 19 November 1998. On 29 November 2013 the Company changed its name to Melville Douglas Select Fund Limited. The Company is a public company within the meaning of Article 16 of the Companies (Jersey) Law 1991. Participating shares may be issued and redeemed at prices based upon each class’s underlying net asset value.

Structure

The Company offers investors a choice of classes (each such class being referred to as a “Class Fund”) and the opportunity to switch from one Class Fund to another. At present there is only one Class Fund available – Global Equity Class Fund.

The assets, liabilities, income and expenses attributable to each class of participating share are applied to the Class Fund established for that class. If they are not attributable to any particular class of participating shares, they are allocated between all the Class Funds in such manner as the directors deem to be equitable. The Company is a single legal entity. As a result, although the assets, income, earnings, liabilities and expenses attributable to each Class Fund will be segregated and kept separate from those attributable to other Class Funds, in the event of the Company not being able to meet the liabilities attributable to any particular Class Fund out of the assets of such Class Fund, the excess liabilities may be met out of the assets attributable to other Class Funds. At 30 September 2016, the Company has only one Class Fund which offers three Share Classes.

On 16 August 2016, the Investment Manager changed from Standard Bank International Investments Limited to Melville Douglas Investment Management (Proprietary) Limited.

Objective and investment policy

The objective of the Global Equity Class Fund is to provide investors with long-term capital growth by investing primarily in quoted global equities, which will maximise investment returns in US Dollars.

Results and dividends

The Company does not intend to distribute income and capital gains realised by the Company on its investments by way of dividend. Accordingly, income on investments and increases in the capital value of the investments of the Company will be reflected in the value of the Participating Shares. The results for the year are disclosed in the Statement of Comprehensive Income.

Directors

The directors of the Company are set out on page 3.

Graham Baillie is also director of Standard Bank International Investments Limited and Chairman of Melville Douglas Investment Management (Proprietary) Limited. Helen Holmes is also director of Standard Bank International Investments Limited, Oliver Sonnichler is an executive of Melville Douglas Investment Management (Proprietary) Limited and Michael Farrow is an independent Non-Executive Director.

No director has a service contract with the Company or holds any interest in the capital of the Company.

Report of the Directors (continued)

Statement of Directors' Responsibilities

The directors are responsible for preparing the financial statements in accordance with applicable Jersey law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 "The Financial Reporting Standard" applicable in the UK and Republic of Ireland (FRS102).

The Companies (Jersey) Law, 1991 requires the directors to prepare the financial statements for each financial year, which give a true and fair view of the state of affairs of the Company and of the results of the Company for that year. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to assume that the Company will continue in operation.

The directors confirm that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies (Jersey) Law 1991 and FRS 102. They are also responsible for safeguarding the assets of the Company and hence taking reasonable steps for the prevention and detection of error, fraud and non-compliance with law or regulations.

So far as each person who is a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow directors and the Company's auditor, each director has taken all the steps that he/she is obliged to take as a director in order to make himself/herself aware of any relevant audit information and to establish that the auditor is aware of the information.

Independent Auditors

PricewaterhouseCoopers Ireland have indicated their willingness to continue in office. A resolution to reappoint PricewaterhouseCoopers Ireland as independent auditors of the Company will be proposed at the annual general meeting. A copy of the Notice of the Annual Form of Proxy General Meeting is attached and form part of these financial statements.

Secretary

The Secretary of the Company during the year ended 30 September 2016 was STANLIB Fund Managers Jersey Limited.

By order of the board

STANLIB Fund Managers Jersey Limited

11 January 2017

Report of the Custodian

To the members of Melville Douglas Select Fund Limited.

The Custodian is responsible for the safekeeping of all the property of the Company which is entrusted to it, as prescribed in the Custodian Agreement.

Under the principles of the Guide to open-ended unclassified collective investment funds offered to the general public (the "OCIF Guide"), issued by the Jersey Financial Services Commission, the Custodian has a duty to take reasonable care to ensure that the methods adopted by the Company's Manager in respect to the pricing of, and dealing in, shares in the Company are compliant with the Company's principal documents.

It is the opinion of Capita Trust Company (Jersey) Limited in respect of the year ended 30 September 2016 that to the best of our information, knowledge and belief, that in all material respects, the Manager managed the Class Fund in that year:

- a) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Articles and Prospectus and;
- b) otherwise in accordance with the provisions of the Management and Custodian Agreements.

Investment Manager's Report

For the year ended 30 September 2016

Global Equity Class Fund (the "Class Fund")

Investment objective

The objective of the Class Fund is to provide investors with long-term capital growth by investing primarily in quoted global equities, which will maximise investment returns in US Dollars.

Quantitative analysis

The Class Fund was up +8.59% in US Dollar terms for the twelve months. The MSCI All-Country World index, the Class Fund's benchmark, was up +11.96% over the same period.

Commentary

The Class Fund generated a healthy return for investors, although its lower economic sensitivity and selection bias to quality stocks meant the performance lagged the MSCI All-Country World index. Relative performance was impinged by the Class Fund's underweighting to a number of the previous year's laggards (i.e. emerging markets, materials and energy) which snapped back this year. The year's winning stocks tended to have "unattractive" operational metrics, such as low cash flow, low return on capital and low profit margins. At present we are not tempted to chase the momentum in such stocks, bolstered by accommodative central bank policy, as we expect their lack of sustainable earnings power to catch up with capricious sentiment. The Class Fund's best performers included Chinese internet phenomenon Tencent, a reinvigorated Microsoft and US industrial conglomerate Illinois Tool Works. Amongst the loss makers were two Brexit casualties, namely UK hotel and café-chain Whitbread and insurer Prudential, and Danish insulin producer Novo Nordisk on drug pricing pressures.

A positive 12 months for stock markets was punctuated by two notable bouts of risk aversion emanating from China and the UK. The reporting year started with a rally in October as investors regained their poise following a summer slump on concerns about a spluttering Chinese economy. Central bank largesse once again came to the rescue with policy actions from both the People's Bank of China and the European Central Bank. Meanwhile, despite solid economic data, the Federal Reserve only hiked rates once, by a meagre quarter of a percent. China worries returned at the dawn of the New Year. Mindful of last August's devaluation, investors were spooked by a further slide in the offshore renminbi, a barometer of the Chinese economy. By mid-January the MSCI All-Country World index had plunged -10%, the oil price fell below \$30 and safe havens were bid up (i.e. hard currencies, government bonds and gold). In addition to "China plays" (i.e. resources, industrials and emerging markets) banking shares, particularly Deutsche Bank and the Italian banks, slumped on concerns over low profitability and weak balance sheets in a low interest rate/growth world. As with last year's sell-off, the losses were soon recovered on a combination of accommodative central bank policy and reassuring economic data, the latter assuaging earlier fears of a US recession.

The UK referendum in June was the second major risk event of the year. The vote to leave the EU broke the global financial market's uneasy calm that had settled in after the China scare of the first quarter had dissipated. Despite opinion polls indicating a too-close-to-call result, the "leave" win came as a complete shock to traders who complacently bet on the status quo. Sterling plummeted over -10%, a record single day move against the dollar, on the morning of the result as bullish positions, macroeconomic assumptions and the political framework were all unravelled. Apart for a few nervous days, the rest of the world's equity markets largely shrugged off the UK's "little local difficulty" and ended the reporting year at higher levels as low volatility swayed some investors to take more risk in more economically sensitive stocks.

Investment Manager's Report (continued)

Global Equity Class Fund (the "Class Fund") (continued)

Forward thinking

Ultimately, cash flow growth rather than traders' sentiment will drive a sustainable rally. As such the sluggish outlook for earnings leaves us circumspect about the outlook. It is worth recalling earnings growth, particularly in the US, has been an ongoing disappointment. For example, in July 2015 sell-side analysts expected S&P 500 earnings to grow +10% in Q2 2016. The actual growth rate in Q2 2016 was down -4%, not up +10%. We are cautious about earnings optimism for next year, much of which is predicated on the low base to grow from as the negative effects of the stronger dollar and lower oil price start to fade. Given weak underlying demand, consensus forecasts still look too high, implying scope for further disappointment next year.

The saving grace is that monetary policy is likely to remain supportive given the muted inflation backdrop. However, the unintended consequences (i.e. asset bubbles and weakened banks) of almost 500 million people living under negative central bank interest rates remains a risk. In an environment where earnings growth is scarce and central banks and governments are running out of levers to pull, investors will continue to assign a higher rating to company shares which can grow largely independently of these external factors. Rather than seeking to profit from election outcomes or monetary policy decisions, we remain focused on selecting such companies for the Class Fund.

14 November 2016

Independent auditors' report to the members of Melville Douglas Select Fund Limited

Report on the financial statements

Our opinion

In our opinion Melville Douglas Balanced Fund Limited's financial statements ("the financial statements");

- give a true and fair view of the state of the company's affairs as at 30 September 2016 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including FRS 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland"; and
- have been properly prepared in accordance with the requirements of the Companies (Jersey) Law 1991.

What we have audited

The financial statements comprise:

- the Statements of Financial Position as at 30 September 2016;
- the Statements of Comprehensive Income for the year then ended;
- the Statements of Changes in Equity for the year then ended;
- the accounting policies; and
- the notes to the financial statements which include other explanatory information.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Generally Accepted Accounting Practice, including FRS 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland".

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

Opinion on other matter

In our opinion, the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Other matters on which we are required to report by exception

Under the Companies (Jersey) Law 1991 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records.

We have no exceptions to report arising from this responsibility.

Responsibilities for the financial statements and the audit

Our responsibilities and those of the directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Article 113A of the Companies (Jersey) Law 1991 and for no other purpose.

We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

We conducted our audit in accordance with International standards on Auditing (UK and Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Declan Murphy
for and on behalf of PricewaterhouseCoopers
Chartered Accountants

The notes on pages 14 to 25 form an integral part of these financial statements.

Melville Douglas Select Fund Limited

Notes to the Financial Statements

1. Incorporation

The Company was originally incorporated in the British Virgin Islands on 19 November 1998 and was incorporated in Jersey, Channel Islands by way of a continuance on 31 March 2003.

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented. These financial statements have been prepared on a going concern basis under the historical cost convention as modified by the measurement at fair value of investments in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard" applicable in the UK and Republic of Ireland ("FRS 102"). The Company is regulated by the Jersey Financial Services Commission (JFSC) as an unclassified fund. A summary of the more important accounting policies is set out below.

2. Accounting Policies

a. Basis of Accounting

These audited annual financial statements for the year ended 30 September 2016 have been prepared in accordance with FRS102: the Financial Reporting Standard applicable in the UK and Republic of Ireland as issued by the Financial Reporting Council.

The Directors of the Company have applied Financial Reporting Standards 102 "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" for its annual and interim financial statements effective 1 October 2014.

The information required by FRS 102, to be included in the Statement of Total Recognised Gains and Losses and Reconciliation of Movements in Shareholders' Funds is, in the opinion of the directors, contained in the Statement of Comprehensive Income and Statement of Changes in Equity on pages 10 and 11. In arriving at the results for the year, all amounts in the Statement of Comprehensive Income on page 10 relate to continuing activities.

The Company has availed of the exemption available to open-ended investment funds under Section 7 "Statement of Cash Flows" of FRS 102 (Section 7.1a (c)), not to prepare a cash flow statement on the basis that substantially all of the Company's investments are highly liquid and carried at fair value, and the Company provides Statement of Changes in Equity.

b. Investments

Investments are recognised on the Statement of Financial Position at the date on which the Company becomes party to contractual provisions of the instruments. Investments are initially recognised at cost which is the fair value at date of recognition. Subsequently investments are re-measured at fair value being the mid-market price at the Statement of Financial Position date. Gains or losses arising from revaluation are recognised in the Statement of Comprehensive Income.

On disposal of investments, gains and losses on sale of investments are calculated on an average cost basis and are taken to the Statement of Comprehensive Income in the year in which they arise.

On initial application of FRS 102, in accounting for all of its financial instruments, an entity is required to apply either (a) the full requirements of Sections 11 "Basic Financial Instruments" and Section 12 "Other Financial Instruments Issues" of FRS 102, (b) the recognition and measurement provisions of International Accounting Standards ("IAS") 39 "Financial Instruments: Recognition and Measurement" ("IAS 39") as adopted for use in the European Union and the disclosure requirements of Sections 11 and 12, or (c) the recognition and measurement provisions of International Financial Reporting Standards ("IFRS") 9 "Financial Instruments" ("IFRS 9") and the disclosure requirements of Sections 11 and 12. The Company has applied FRS 102 from the year ended 30 September 2015 and has elected to apply the full requirements of Sections 11 and Section 12 of FRS 102.

Notes to Financial Statements (continued)

2. Accounting Policies (continued)

c. Cash and cash equivalents

Cash is valued at cost, which approximates fair value.

Cash is held in accounts at The Bank of New York Mellon SA/NV London Branch which allows the Class Fund instant access to its accounts.

d. Income

Interest income is accounted for on an accruals basis using the effective yield basis. Dividend income is accounted for on the ex-dividend date. Dividend income is reported gross of withholding tax deducted at source and the related withholding tax is disclosed separately as a tax charge in the Statement of Comprehensive Income. Interest on deposit accounts is included on an accruals basis.

e. Foreign currencies

Transactions in foreign currencies are translated into the reporting currency of the Class Fund at the rates of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into the reporting currency of the Class Fund at the rates of exchange ruling at the Statement of Financial Position date. The reporting currency of the Global Equity Class Fund is US Dollars.

Differences arising on translation are included in the Statement of Comprehensive Income within income or expenses in the year in which they arise.

f. Share issues and redemptions

Shares in the Company may be issued at the issue price and redeemed at the redemption price on subscription days at the prices calculated in accordance with the Articles of Association and based on the value of the underlying investments held in the relevant Class Fund. The directors' present policy is that:

- i) On the issue of shares, the amount received is credited to the share capital account.
- ii) On redemption, the amount paid is debited to the share capital account. Should that account be fully utilised, the amount payable on redemption is debited to realised reserves.

Receivable for shares sold and payable for shares redeemed represent amounts that have been contracted for but not yet settled or delivered on the Statement of Financial Position date.

g. Expenses

The Company is responsible for the payment of management, custodian, sub-custodian and administration fees, which are accrued for on each subscription day (see Note 7). The Company is also responsible for the payment of auditor's and directors' remuneration together with reporting expenses and operational costs in accordance with the prospectus. All expenses are accounted for on an accruals basis.

h. Net gains/(losses) on financial assets at fair value through profit or loss

This item includes changes in the fair value of financial assets held for trading and excludes interest and dividend income and expenses. Unrealised gains and losses comprise changes in the fair value of financial instruments for the year. Realised gains and losses on disposals are calculated using the average cost method and are reflected as net gains or losses on investments in the Statement of Comprehensive Income.

i. Withholding taxes

In some jurisdictions investment income is subject to withholding tax deducted at the source of the income. Withholding tax is a generic term used for the amount of withholding tax deducted at the source of the income and is not significant for the Portfolio. Withholding tax is disclosed separately as a tax charge from the gross investment income in the Statement of Comprehensive Income.

j. Distribution policy

The Company's policy is to not distribute any income on its participating shares.

The notes on pages 14 to 25 form an integral part of these financial statements.

Notes to Financial Statements (continued)**3. Gains and losses on financial assets at fair value through profit or loss**

4. Investment Purchases, Investment Sales and Commissions

| Global Equity Class Fund | 30 September 2016 USD | 30 September 2015 USD |
|--|--------------------------------------|--------------------------------------|
| Purchases in year before transaction costs | 95,714,087 | 49,968,160 |
| Commissions | 219,116 | 125,409 |
| Gross purchases total | <u>95,933,203</u> | <u>50,093,569</u> |
| Sales in year before transaction costs | 91,198,315 | 45,123,625 |
| Commissions | (75,737) | (61,811) |
| Net sales total | <u>91,122,578</u> | <u>45,061,814</u> |

5. Taxation

For the purposes of Jersey taxation, the Company will fall under Article 123C of the Income Tax (Jersey) Law 1961, as amended, as a Jersey resident Company which is neither a "utility company" nor a "financial services company" and as such will be charged to Jersey income tax at a rate of 0% on its income (other than on any rental income or property development profits arising in respect of Jersey situs real property or land). The Company will not be subject to tax in Jersey on any capital arising to it.

Under applicable foreign tax laws, withholding taxes may be deducted from interest, dividends and capital gains attributable to the Company, at various rates. The Company pays withholding tax on dividends, which is deducted at source. This is shown separately as a taxation charge in the Statement of Comprehensive Income.

| Global Equity Class Fund | 30 September 2016 USD | 30 Sep tember 2015 USD |
|---|--------------------------------------|---------------------------------------|
| Overseas tax – withholding tax on dividend income | 957,924 | 882,805 |

Notes to the Financial Statements (continued)**6. Share capital**

The Company is authorised to issue 100 management shares of USD1.00 each and an unlimited number of participating shares of no par value.

The management shares exist solely to comply with Jersey Law, which requires that participating redeemable preference shares ("participating shares") must have a preference over another class of capital. The holders of the management shares are entitled to receive notice of general meetings of the Company and to attend and vote thereat. On a poll a holder of management shares is entitled to one vote for each management share held by him. Management shares carry no right to a dividend and are not redeemable. In a winding up, they rank only for a return of paid up nominal capital out of the assets of the Company (before the return of nominal capital paid up on participating shares).

Participating shares carry the right to a proportionate share in the assets of the relevant Class Fund and to any dividends that may be declared. Holders of the shares are entitled to receive notice of all general meetings of the Company and to attend and vote thereat. The holder of each share is entitled to one vote for each share of which he is a holder. Shares are redeemable by shareholders at prices based on the value of the net assets of the relevant Class Fund as determined in accordance with its Articles of Association.

Management shares

The management shares have been issued to the Manager at par and the proceeds of the issue are represented by a separate management fund. Details of the management fund at the Statement of Financial Position date are as follows:

| | 30 September 2016 USD | 30 September 2015 USD |
|--|--------------------------------------|--------------------------------------|
| Current account | <u>100</u> | <u>100</u> |
| Management shares of USD1.00 each Authorised, issued and fully paid | <u>100</u> | <u>100</u> |

The management fund is not reflected in the Statement of Financial Position.

Movements of participating shares

The following table shows the movement in participating shares during the year ended 30 September 2016.

| | Number of shares at 30 September 2015 | Issued during the year | Redeemed during the year | Number of shares at 30 September 2016 |
|---|--|---------------------------------------|---|--|
| Global Equity Class Fund – Class A Shares* | 13,544,699 | 6,507,016 | (6,321,383) | 13,730,332 |
| Global Equity Class Fund – Class B Shares** | – | 99,322 | – | 99,322 |
| Global Equity Class Fund – Class X Shares*** | – | 232,764 | (14,894) | 217,870 |

*On 4 April 2016, the Company re-named the existing issued USD Shares as Class A Shares.

**On 2 September 2016, the Class B Shares launched.

***On 7 September 2016, the Class X Shares launched.

Notes to the Financial Statements (continued)**6. Share capital (continued)**

The following tables show the movement in participating shares during the year ended 30 September 2015.

| | Number of shares at 30 September 2014 | Issued during the year | Redeemed during the year | Number of shares at 30 September 2015 |
|---------------------------------------|--|---------------------------------------|---|--|
| Global Equity Class Fund – USD Shares | 12,694,370 | 2,702,541 | (1,852,212) | 13,544,699 |

7. Related Party Transactions and Other Expenses

The following disclosures are made in accordance with the requirements of Section 33 “Related Party Disclosures” of FRS 102.

STANLIB Fund Managers Jersey Limited (the “Manager”), Melville Douglas Investment Management (Proprietary) Limited (the “Investment Manager”) and all directors are related parties of the Company.

The Manager is considered a related party by virtue of its contractual arrangements. The Investment Manager and the directors are considered related parties to the Company as they make key operating decisions for the Company.

The Manager has the primary responsibility for the management and administration of the Company.

The Manager has appointed the Investment Manager to provide it with investment management services in relation to the Company. The fees of the Investment Manager are paid by the Manager out of its fees.

The annual management fee payable to the Manager is calculated as 1% of the net asset value of the Class Fund for Class A Shares and 1.5% for Class B Shares. There is no management fee charged in respect of the Class X Shares. The Manager remits the above fees in full to the Investment Manager as an investment management fee.

The Manager is entitled to an annual administration fee at a rate of 0.2% of the net asset value of the Class Fund subject to a minimum of USD20,000 per annum out of which the Administrator will be paid. The above amounts accrue on each subscription day and are payable to the Manager by monthly payments in arrears.

For the Class A Shares the Manager is also entitled to a performance fee of 5% of the increase in the net asset value per share payable quarterly, calculated and accrued on each subscription day if the net asset value per share on that day exceeds the highest net asset value per share as at any previous subscription day. The Manager remits the above fee in full to the Investment Manager as an investment management performance fee when they occur. There are no performance fees charged in respect of the Class B Shares and Class X Shares.

The fees of the Custodian shall be calculated as follows, subject to an overall minimum fee in respect of each Class Fund of USD5,000 per annum (such minimum fee to be waived in respect of cash funds) (the “Minimum Fee”):

On amounts less than USD50 million 0.035%

On amounts of more than USD50 million, but less than USD100 million 0.025%

On amounts of more than USD100 million, but less than USD500 million 0.010%

On amounts over USD500 million 0.005%

Such fees shall accrue daily and shall be payable to the Custodian by monthly payments in arrears becoming due on the first business day of each month in respect of the preceding month.

The Custodian is also entitled to be reimbursed out of the Class Fund for charges and transaction fees levied on it by the Sub-Custodian and other sub-custodians which shall be at rates which have been negotiated on an arm’s length basis or are otherwise on commercial terms.

Michael Farrow is entitled to receive GBP4,000 per annum from the Company as director fees. Helen Holmes, Graham Baillie and Oliver Sonnichler are entitled to USD10,000 per director per annum from the Company. Directors fees incurred during the year ended 30 September 2016 amounted to USD33,412 (30 September 2015: USD36,378) with USD9,235 (30 September 2015: USD11,957) outstanding at the year end.

All transactions with the above related parties are at arm’s length.

The fees incurred during the year ended 30 September 2016 and 30 September 2015 are as disclosed in the Statement of Comprehensive Income with the amounts outstanding at the year end disclosed in the Statement of Financial Position.

Notes to the Financial Statements (continued)

8. Financial risk management

Consistent with the investment objectives, as noted in the Report of the Directors, the Company’s financial instruments comprise quoted securities. In addition, the Company holds cash and liquid assets and various items such as debtors and creditors that arise directly from its operations.

The main risks arising from the Company’s financial instruments are market risk (comprising market price risk, interest rate risk and currency risk), credit risk and liquidity risk. The Board reviews and agrees with the Manager and Investment Manager policies for managing each of these risks and they are summarised below.

8.1. Market risk

Market risk is the risk that the fair value of, or future cash flows arising from, financial instruments will fluctuate because of the changes in market variables. Market risk comprises three types of risks: market price risk, interest rate risk and currency risk.

Market price risk

Market price risk arises mainly from uncertainty about future prices of equity and equity-linked financial instruments. It represents the potential loss the Company may suffer due to movements in securities prices.

The Class Fund’s exposure to market price arises from its equity investments with a maximum exposure at the year end of USD169,223,323 (30 September 2015: USD149,261,315). The exposure levels are in line with the Class Fund’s investment objectives and market price risk is managed through prescribed investment restrictions, which include (generally):

- Not more than 10% of the net asset value of the Class Fund shall be invested in the securities of any one issuer;
- Not more than 10% of the securities of any one class of any one issuer shall be held in the Class Fund;
- The value of securities held in the Class Fund not listed or quoted on a recognised market shall not exceed 10% of the net asset value of the Class Fund;
- The Class Fund is not allowed to invest directly in physical commodities;
- The Class Fund may, subject to certain restrictions, enter into derivative transactions for the purpose of hedging and efficient portfolio management. Currently the Class Fund does not have any derivative dealings;
- The value of units or shares in other collective investment funds held in the Class Fund shall not in aggregate exceed 20% of the net asset value of the Class Fund.

Full details regarding the investment restrictions can be obtained from the prospectus.

Sensitivity analysis

The table below summarises the sensitivity of the Class Funds’ net assets attributable to holders of redeemable shares to market price movements. It shows the increase/(decrease) in the net assets attributable to holders of redeemable shares for the Class Fund given a 5% movement in the underlying investment prices at year end; all other variables remaining constant (5% is considered to be a reasonable possible change in price):

| | 30 September 2016 | 30 September 2015 |
|--------------------------|--------------------------|--------------------------|
| | USD | USD |
| Global Equity Class Fund | 8,461,166 | 7,463,066 |

Interest rate risk

Interest rate risk is the risk that fair value of, or future cash flows arising from, the financial instruments will fluctuate because of changes in market interest rates.

The Company is exposed to interest rate risk from cash held on deposit. Market forces (in terms of a general increase or decrease in interest rates in a particular currency) may therefore have a detrimental or positive effect on the cash flows from cash deposits. As cash deposits are available on demand, there is no fair value risk from interest rates.

The Company does not actively manage interest rate risk as it is considered insignificant.

Notes to the Financial Statements (continued)**8. Financial risk management (continued)****8.1. Market risk (continued)****Currency risk**

Currency risk is the risk that the fair value of, or future cash flows from, financial instruments will fluctuate because of changes in foreign exchange rates.

The Class Funds' assets and liabilities may be denominated in currencies other than the reporting currency of the Class Fund. Therefore the value of such assets and liabilities may be affected favourably or unfavourably by fluctuations in currency rates.

The Company may enter into derivative transactions for the purposes of hedging against currency risk on behalf of the Class Fund, subject to various maximum exposure limits.

The following tables show the currency exposure of the Class Fund as at 30 September 2016 and 30 September 2015.

Global Equity Class Fund

| Exposure currency 30 September 2016 | Investments USD | Cash USD | Other net liabilities USD | Total net Assets USD | % of net assets |
|--|----------------------------|---------------------|--|-------------------------------------|----------------------------|
| CHF | 15,561,895 | – | – | 15,561,895 | 8.90 |
| DKK | 4,584,679 | (12,480) | – | 4,572,199 | 2.61 |
| EUR | 11,128,252 | – | – | 11,128,252 | 6.36 |
| GBP | 11,389,433 | 60,236 | – | 11,449,669 | 6.54 |
| HKD | 5,129,699 | – | – | 5,129,699 | 2.93 |
| USD | 121,429,365 | 6,122,429 | (412,146) | 127,139,648 | 72.66 |
| | <u>169,223,323</u> | <u>6,170,185</u> | <u>(412,146)</u> | <u>174,981,362</u> | <u>100.00</u> |

Global Equity Class Fund

| Exposure currency 30 September 2015 | Investments USD | Cash USD | Other net Assets USD | Total net Assets USD | % of net assets |
|--|----------------------------|---------------------|-------------------------------------|-------------------------------------|----------------------------|
| CHF | 15,337,192 | – | – | 15,337,192 | 9.82 |
| DKK | 3,766,776 | – | – | 3,766,776 | 2.41 |
| EUR | 10,987,878 | – | – | 10,987,878 | 7.04 |
| GBP | 14,423,725 | 74,809 | – | 14,498,534 | 9.29 |
| HKD | 3,454,849 | – | – | 3,454,849 | 2.21 |
| USD | 99,586,405 | 6,174,639 | 618,681 | 106,379,725 | 68.14 |
| ZAR | 1,704,490 | – | – | 1,704,490 | 1.09 |
| | <u>149,261,315</u> | <u>6,249,448</u> | <u>618,681</u> | <u>156,129,444</u> | <u>100.00</u> |

Currency risk is not managed actively in its separate form. Significant currency risk arises from the portfolio of investments denominated in foreign currencies and this affects the carrying value of the securities, hence is considered as part of price risk.

The following sensitivity analysis shows the change in the net assets of the Class Fund given a 5% increase or decrease in the value of a foreign currency relative to the Class Funds' reporting currency for all significant foreign currency positions of the Class Fund (5% is considered to be a reasonable possible change in foreign currency rates).

Notes to the Financial Statements (continued)**8. Financial risk management (continued)****8.1. Market risk (continued)****Currency risk (continued)**

| Global Equity Class Fund | | Change in net assets | Change in net assets |
|--------------------------|-------|----------------------|----------------------|
| | | 30 September 2016 | 30 September 2015 |
| | | USD | USD |
| CHF | +/-5% | 778,095 | 766,860 |
| DKK | +/-5% | 228,610 | 188,339 |
| EUR | +/-5% | 556,413 | 549,394 |
| GBP | +/-5% | 572,483 | 724,927 |
| HKD | +/-5% | 256,485 | 172,742 |
| ZAR | +/-5% | – | 85,225 |

8.2. Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its liabilities as they fall due. This also relates to the risk that the Company may not be able to realise its investments at current market values in time to meet its obligations.

Shareholders have the right to redeem their shares in the Company at every subscription day. The Company therefore needs to have adequate liquid resources to meet these redemptions and the maturity profile of the Company's investments may affect the Company's liability to meet the redemptions if the weighted average days to maturity is longer than the weighted average days to redemption.

The prospectus permits the redemptions in any one Class Fund be limited to 12.5% of the shares in issue at any one subscription day. The following investment restrictions/guidelines also apply:

- In order to enable the Class Fund to pay redemptions, the Class Fund may borrow up to 10% of its net asset value;
- The Class Fund is also allowed to hold up to 100% of the net asset value on deposit; and
- Where a Class Fund invests in equities, the value of securities held in the Class Fund not listed or quoted on a recognised stock market shall not exceed 10% of the net asset value of the Class Fund.

8.3. Credit risk

Credit risk is the risk that the counterparties to the Company may be unable or unwilling to meet their obligations to the Company under the contractual or agreed terms. The Company's maximum exposure to credit risk is represented by the carrying value of cash and debtors.

The risk arising from deposits and debtors is considered minimal and therefore not actively managed. Significant debtors may arise from outstanding sales receipts. This is controlled by ensuring that securities are not transferred before settlement. Debtors arising from dividends and interest received are not considered material for the purpose of credit risk exposure.

Credit risks arising from cash at bank is mitigated by following the investment restriction that generally sets a limit of 30% of the net asset value of each Class Fund, or USD1 million (or equivalent base currency), whichever is greater, to be held with any one counterparty and its associates unless the counterparty or its associates are an approved bank (in which case a limit of 25% applies). The Company seeks to engage with counterparties that are of an investment grade (at least BBB long term or A-2 short-term) rating by S&P or an equivalent rating by Moody's or Fitch.

The Custodian, Capita Trust Company (Jersey) Limited is not rated with Standard & Poor's, Moody's and Fitch.

For the year ended 30 September 2016, the Sub-Custodian and Banker, The Bank of New York Mellon SA/NV London Branch has a credit rating of AA- (2015 : AA-) with Standard & Poor's, Aa1 (2015 : Aa2) with Moody's and AA- (2015: AA-) with Fitch.

Notes to the Financial Statements (continued)**8. Financial risk management (continued)****8.4. Fair value hierarchy**

The Financial Reporting Council (“FRC”) has issued “Amendments to FRS 102 - Fair value hierarchy disclosures”, effective for accounting periods beginning on or after 1 January 2017, with early adoption permitted. FRED 62 proposes to amend paragraphs 34.22 and 34.42 of FRS 102 to require disclosure of financial instruments held at fair value on the basis of a fair value hierarchy consistent with EU-adopted IFRS based on Level 1, 2 and 3 classification. The Company has availed of early adoption and the financial statements have been prepared in accordance with these amendments and fair value measurement is categorised based on Level 1, 2 and 3. These amendments did not have any impact on the Funds’ financial position or performance.

The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted mid-market prices on the year end date.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm’s length basis.

FRS 102 requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Company for similar financial instruments.

The fair value hierarchy has the following levels:

- Listed prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes ‘observable’ requires significant judgement by the Company. The Company considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

The tables below analyse within the fair value hierarchy the Company’s financial assets measured at fair value at 30 September 2016 and 30 September 2015 in accordance with FRS 102. The comparative figures have been reclassified to conform to current year presentation.

30 September 2016

| | Level 1 USD | Level 2 USD | Level 3 USD | Total USD |
|---------------------------------|------------------------|------------------------|------------------------|----------------------|
| Global Equity Class Fund | | | | |
| Investment Companies | 7,802,361 | – | – | 7,802,361 |
| Common Stock | 161,420,962 | – | – | 161,420,962 |
| Total Assets | 169,223,323 | – | – | 169,223,323 |

Notes to the Financial Statements (continued)**8. Financial risk management (continued)****8.4. Fair value hierarchy (continued)****30 September 2015**

| Global Equity Class Fund | Level 1 USD | Level 2 USD | Level 3 USD | Total USD |
|---------------------------------|------------------------|------------------------|------------------------|----------------------|
| Investment Companies | 10,958,860 | – | – | 10,958,860 |
| Common Stock | 138,302,455 | – | – | 138,302,455 |
| Total Assets | 149,261,315 | – | – | 149,261,315 |

9. Reconciliation of net asset value

The following tables reconcile the difference between the Class Funds' net assets for financial reporting purposes and its net assets for shareholder dealing purposes for the year ended 30 September 2016 and year ended 30 September 2015.

| | Global Equity Class Fund 30 September 2016 USD | Global Equity Class Fund 30 September 2015 USD |
|--|---|---|
| Net asset value per financial statements | 174,981,362 | 156,129,444 |
| Pricing differences ¹ | – | 36,490 |
| Net asset value for shareholder dealing | <u>174,981,362</u> | <u>156,165,934</u> |
| Net asset value per share for reporting purposes | | |
| Class A Shares* | 12.52 | 11.53 |
| Class B Shares** | 9.93 | – |
| Class X Shares*** | 9.89 | – |
| Net asset value per share for shareholder dealing purposes | | |
| Class A Shares* | 12.52 | 11.53 |
| Class B Shares** | 9.93 | – |
| Class X Shares*** | 9.89 | – |

*On 4 April 2016, the Company re-named the existing issued USD Shares as Class A Shares.

**On 2 September 2016, the Class B Shares launched.

***On 7 September 2016, the Class X Shares launched.

¹ The adjustment is the difference between the mid value of investments on the valuation date and the bid value of investments on the final trading day of the fiscal period. Investments are valued at mid-price where available for the purpose of shareholder dealing valuation in accordance with the prospectus.

10. Exchange rates

The following exchange rates at 30 September 2016 and 30 September 2015 were used to translate foreign currency assets and liabilities:

| | 30 September 2016 | 30 September 2015 |
|---------|--------------------------|--------------------------|
| CHF/USD | 0.96939 | 0.97712 |
| DKK/USD | 6.62598 | 6.68325 |
| EUR/USD | 0.88983 | 0.89586 |
| GBP/USD | 0.76982 | 0.66017 |
| HKD/USD | 7.75596 | 7.75006 |
| ZAR/USD | 13.75127 | 13.82700 |

Notes to the Financial Statements (continued)**11. Significant events during the year**

An updated prospectus was issued in December 2015 and in August 2016.

On 4 April 2016, the Company re-named the existing issued USD Shares within the Global Equity Class Fund as Class A Shares and the Company made available the following share classes within the Global Equity Class Fund:

- Class B Shares;
- Class C Shares; and
- Class X Shares.

On 16 August 2016, the Investment Manager changed from Standard Bank International Investments Limited to Melville Douglas Investment Management (Proprietary) Limited.

On 2 September 2016, the Class B Shares launched and on 7 September 2016, the Class X Shares launched.

There were no other significant events during the year that require disclosure in these financial statements.

12. Post statement of financial position events

There were no significant post statement of financial position events that require that require disclosure in these financial statements.

13. Approval of Financial Statements

The financial statements were approved by the Directors on 11 January 2017.

Fund Statistics (Unaudited)

| | Net asset value | Net asset value per share | % change in year | Number of shares in issue | Highest Price* | Lowest Price* |
|--|------------------------|----------------------------------|-------------------------|----------------------------------|-----------------------|----------------------|

| 30 September 2012 | 40,962,494 | 10.13 | 1.30 | 4,045,144 | 10.28 | 9.45 |
| 30 September 2013 | 121,541,315 | 11.23 | 10.86 | 10,825,899 | 11.43 | 9.84 |
| 30 September 2014 | 153,916,966 | 12.12 | 7.93 | 12,694,370 | 12.73 | 10.94 |
| 30 September 2015 | 156,129,444 | 11.53 | (4.87) | 13,544,699 | 13.06 | 11.34 |
| 30 September 2016 | 171,840,280 | 12.52 | 8.59 | 13,730,332 | 12.60 | 11.10 |

| | Net asset value | Net asset value per share | % change in year | Number of shares in issue | Highest Price | Lowest Price |
|--|------------------------|----------------------------------|-------------------------|----------------------------------|----------------------|---------------------|
| Global Equity Class Fund – Class B Shares | USD | USD | | | USD | USD |
| At launch (9 September 2016) | 128,601 | 9.82 | – | 13,094 | – | – |
| 30 September 2016 | 986,556 | 9.93 | 1.12 | 99,322 | 9.98 | 9.82 |

| | Net asset value | Net asset value per share | % change in year | Number of shares in issue | Highest Price | Lowest Price |
|--|------------------------|----------------------------------|-------------------------|----------------------------------|----------------------|---------------------|
| Global Equity Class Fund – Class X Shares | USD | USD | | | USD | USD |
| At launch (9 September 2016) | 2,274,514 | 9.77 | – | 232,764 | – | – |
| 30 September 2016 | 2,154,526 | 9.89 | 1.23 | 217,870 | 9.93 | 9.77 |

* Prior to 30 September 2016 the highest price/lowest price was based on the reported net asset value for shareholder dealing which may be different from the financial statements.

The performance data in this table covers the year from incorporation by way of a continuance in Jersey to date. Performance data for previous years can be found in the fact sheets issued by the Investment Manager.

Notes to the Financial Statements (continued)

Total Expense Ratio (Unaudited)

The Total Expense Ratio (“TER”) is calculated and disclosed as per the guidelines issued by the Investment Management Association. The ratio expresses the sum of all costs charged on an ongoing basis to the Class Fund taken retrospectively as a percentage of the Class Fund’s average net assets. For clarity, when the Class Fund is investing in other funds, the ongoing cost of these funds is not incorporated in the calculation of the TER.

On 4 April 2016, the Company re-named the existing issued USD Shares as Class A Shares. On 2 September 2016, the Class B Shares launched and on 7 September 2016, the Class X Shares launched. TER percentages are annualised for the Class B Shares and Class X Shares.

| | 30 September 2016 | 30 September 2015 |
|---|------------------------------|------------------------------|
| Global Equity Class Fund – Class A Shares (including performance fees) | 1.26% | 1.42% |
| Global Equity Class Fund – Class A Shares (excluding performance fees) | 1.26% | 1.28% |
| Global Equity Class Fund – Class B Shares | 1.74% | – |
| Global Equity Class Fund – Class X Shares | 0.25% | – |

Please refer to the Statement of Comprehensive Income for performance fees incurred during the year.
